26 tracking information through the System.

27 (c) Victim's Access to View Status of Kit. – It is the policy of the State to ensure that a

30 the victim is also able to determine whether forensic testing of the kit has been completed.

31 (d) Tracking of Previously Untested Kits. – The Director shall implement protocols and
32 the Secretary shall adopt rules and guidelines to ensure that previously untested sexual assault
33 evidence collection kits are trackable and are entered into the System. Any law enforcement

35 sexual assault evidence collection kit used for a forensic medical examination shall comply with
36 the established protocols, rules, and guidelines with respect to all untested kits.
