5 The General Assembly of North Carolina enacts:

6 SECTION 1. G.S. 20-63(h) reads as rewritten:

7 "(h) Commission Contracts for Issuance of Plates and Certificates. – All registration
8 plates, registration certificates, and certificates of title issued by the Division, outside of those
9 issued from the office of the Division located in Wake, Cumberland, or Mecklenburg Counties
10 and those issued and handled through the United States mail, shall be issued insofar as practicable
11 and possible through commission contracts entered into by the Division for the issuance of the
12 plates and certificates in localities throughout North Carolina, including military installations
13 within this State, with persons, firms, corporations or governmental subdivisions of the State of
14 North Carolina. The Division shall make a reasonable effort in every locality, except as noted
15 above, to enter into a commission contract for the issuance of the plates and certificates and a
16 record of these efforts shall be maintained in the Division. In the event the Division is
17 unsuccessful in making commission contracts, it shall issue the plates and certificates through
18 the regular employees of the Division. Whenever registration plates, registration certificates, and
19 certificates of title are issued by the Division through commission contract arrangements, the
20 Division shall provide proper supervision of the distribution. Nothing contained in this subsection
21 allows or permits the operation of fewer outlets in any county in this State than are now being
22 operated.

23 The terms of a commission contract entered under this subsection shall specify the duration
24 of the contract and either include or incorporate by reference standards by which the Division
25 may supervise and evaluate the performance of the commission contractor. The duration of an
26 initial commission contract may not exceed eight years and the duration of a renewal commission
27 contract may not exceed two years. The Division may award monetary performance bonuses, not
28 to exceed an aggregate total of ninety thousand dollars (\$90,000) annually, to commission
29 contractors based on their performance.

30 The amount of compensation payable to a commission contractor is determined on a per
31 transaction basis. The standard transaction rate is two dollars (\$2.00). The collection of the

35 G.S. 20-311 for a lapse in financial responsibility is a separate transaction for which
36 compensation at two times the standard transaction rate shall be paid. The issuance of a limited

13 **SECTION 2.** Article 3 of Chapter 20 of the General Statutes is amended by adding
14 a new section to read:

15 **"§ 20-63.03 Division advertising must include commission contractor option.**

16 When the Division advertises the methods by which a vehicle owner may title or register a
17 vehicle, the advertising must include the option to obtain a title or register a vehicle at the office
18 of a commission contractor. The advertising may not encourage the public to choose one method
19 over another or state or imply that choosing to title or register a vehicle at the office of a
20 commission contractor is a less desirable option."

21 **SECTION 3.** This act becomes effective October 1, 2019. Section 1 applies to
22 amounts collected and transactions performed on or after that date.
