Elections would be conducted using the partisan primary and election method, and candidates would be nominated at the same time and manner as other county officers. Newly-elected members would take office the first Monday in December following their election.

Vacancies for positions elected on a partisan basis beginning in 2020 would be filled by the remaining members of the Board, provided that the remaining members of the Board must consult with the county executive committee of the relevant political party before filling a vacancy and must appoint that executive committee's nominee, if the recommendation is made within 30 days after the seat becomes vacant.

In selecting a nominee to fill the vacancy, the county executive committee must restrict voting to those committee members who represent precincts wholly or partially within the county or city administrative unit.

Terms of office or vacancy procedures for members elected in 2014 or 2016 would not be affected.

EFFECTIVE DATE: Effective when it becomes law and applies to elections held on or after that date.
